Anesthetic and surgical procedure(s) to be performed:

I, the undersigned owner or agent of the pet identified above, authorize the staff of to perform the above procedure(s).

A complete physical exam will be performed on your pet prior to the surgical procedure if it has been longer than 90 days since the last exam. However, this may not identify all systemic or metabolic problems. For this reason, we highly recommend doing a pre-anesthetic blood panel for pets of any age. Intravenous fluids is not required for your pet during anesthesia, however it helps to maintain blood pressure and allows us easy access to a vein in case of an emergency so we recommend this for any animl going under anesthesia.

I understand that some risks always exist with anesthesia and/ or surgery and that I am encouraged to discuss any concerns I have about those risks with the attending veterinarian before the procedure(s) is/are initiated.

I understand that the attending veterinarian will make every effort to contact me regarding treatment in the case of unforeseen emergencies. If unable to contact me, the staff may or may not have my permission to proceed with life sustaining procedures.

I give my permission [yes]: I do not give my permission [no]:

While I accept that all procedures will be performed to the best of the abilities of the staff at this hospital, I understand that no guarantee or warranty has been made regarding the results that may be achieved.

I also assume full responsibility for any additional expenses incurred after the surgical procedure is performed, such as follow up radiographs, re-check physical exams and additional surgery due to post-op complications. These are more likely to occur when there is a failure to comply with the aftercare instructions.

I have read and fully understand the terms and conditions set forth above.
